Black Reflective Jacket

OHM
ELECTRIC MOTORWORKS

INSPIRATION

Get out the flash on your camera as the lower grey matte body panels are unexpectedly and exceptionally reflective!

There is an adjustable and detachable three-panel hood with dual cinch cords paired with classic styling.

All three front zippers sport matching custom zipper pulls that accent the custom color main zipper.

ADDITIONAL INTERPRETATIONS

The lower reflective fabric is not limited to what you see, there are multiple color options.

While the point here was to exploit the reflective fabric, this has terrific styling that can incorporate any relevant fabrication.

FABRIC & CONSTRUCTION AS SAMPLED
